Grapevine Bass Anglers 2007

Thanks to all who came out and participated in our recent tournament on Lake Cypress Springs, May 5th and 6th. Once again, we had a good showing with 22 anglers arriving to ply their craft in search of keeper bass. Although there were quite a few limits weighed, the overall weights were somewhat lower than what I had expected. Big fish were scarce although there were reports of big ones that got away. Nonetheless, bass were weighed and the totals are in. The lake was approximately 2 ft low with water temps running in the low 70's. Cloudy, windy weather prevailed throughout the weekend with an occasional glimpse of sunshine. Several patterns seem to emerge including drop shots, medium running crankbaits and a few fish were reported being caught on topwater baits. As usual, an array of soft plastics put fish in the boat as well. Be sure to pack your sunscreen and plenty of liquid refreshments for our next event as summer is right around the corner and air temperatures will surely begin to rise!

Here are the results of the Lake Cypress Springs tournament. Congratulations to the following anglers:
