Grapevine Bass Anglers 2008

Another weekend of beautiful Spring weather greeted all of those who participated in our recent tournament on Lake Bob Sandlin. Air temps started out cool each day in the upper 40's, but ended up with nice with temps in the mid-70's by days end. Water temps started out on Saturday around 62 degrees, and temps as high as 68 degrees were seen by the end of the day. With the water temps reaching the magical range and Spring spawn presumably in full swing, anticipation was high that many big stringers of bass would be brought to the scales. However, the fishing turned out to be much more difficult than anyone would have predicted and the total weights are testimony to the slow bite. Most anglers reported catching the bulk of their catches on soft plastics rigged wacky style, drop shot and tx rigged. A few bass were also caught on crankbaits and spinnerbaits.

Here are the results of the Lake Bob Sandlin tournament. Congratulations to the following anglers

Final Standings

1 st Place	Scott Pomykal	15.58 lbs
2 nd Place	Jody Mays	14.84 lbs
3 rd Place	Steve Tigert	13.89 lbs
4 th Place	Jack White	13.87 lbs

Big Bass Honors

Day-1	Scott Hill	6.04 lbs
Day-2	Charlie Christie	4.07 lbs

We would also like to send out a big CONGRATULATIONS to Larry Plummer's wife. On Saturday evening, while fishing from the boat dock at Earl Plummer's lake house on Lake Fork, she landed the fish of a lifetime! While throwing a wacky rigged trick worm on 12 lb line, she landed a bass that officially weighed 13.11 lbs and was 25.5 inches long. TPWD was contacted and they brought out the tank truck to pick up the behemoth bass and haul it to the fish hatchery in Athens. The bass was entered into the Sharelunker Program and will be used for spawning purposes before being released back into the waters of Lake Fork in the near future.
